**Subject:** Pep Band Clarification

Parents,

Here is a clarification about the pep band that was scheduled for today but had to be cancelled:

I was informed on Monday afternoon that a pep band was requested for the spring football game this afternoon. I was given this information after classes. On Tuesday and Wednesday, I asked all three classes for volunteers and asked for them to check with you regarding their participation. Many came to me and said they had prior obligations, but some did commit to performing. Unfortunately, of the students that committed, we had some instrument groups that only had one or two students sign up creating a huge unbalance in instrumentation. As a result, I decided it would be in our best interest to not participate. I talked with Coach Etheridge and he plans to give us much more notice about next year's spring game so we have more time to prepare and participate.

Thank you, again, for your understanding. Have a great weekend.
